

GREAT  DEALS

Early Birds Make Great Save

MANAGER'S MESSAGE

"I believe we have a squad that can mount a serious assault on Division I"

A big thank you to all our supporters for your loyalty this season. It has not all been plain sailing but I believe we have done a good solid job as the longest serving resident of Football League Division II. I will be very happy to discard this label. I believe we have a squad that can mount a serious assault on Division I and achieve a more sustained performance in major cup competitions.

We can look forward to a really bright future. With football in general going through a tough time we have been forward thinking in our preparation for what lies ahead. We have begun by moving on those players who found it more difficult to cope with long term injuries and who were at the top end of the wage scale. The introduction of youth and bringing the age of the team down overall has also helped with the wage bill. We have seen the pace of Jermaine McSporn and Jonny Dixon up front. We have seen the mixture of youth and experience in the midfield and in defence, plus the acquisition of Frank Talia which brings the overall age of the team down from 32 to 27.

We look forward to the competition that other teams will bring as a potential threat to our own aim of securing a play off spot. Once again we shall have the exciting prospect of seven new teams joining us; three of them could be sides we have never played before.

This year we celebrate our tenth as a Football League Club. That is a wonderful achievement in itself. The fact that nine of those seasons has been spent in Division Two is exceptional.

Each year we have seen steady progress either points wise or position wise and with the play off places coming down to eight in the table it will make a difference.

A season ticket for Adams Park next year offers exceptional value and great entertainment. Do come along regularly and encourage a team that has some talented youngsters; a team that will be determined to take the club as high as possible.

We reached the semi-final of the F.A. Cup not so long ago. We may not be able to match that achievement in the foreseeable future but we do have the potential to turn in much better results next year in all cup competitions than we delivered this year.

Our football club is no different to many others up and down the country who are all trying to get the best they can for the money they can afford. Your participation in this is the money you spend supporting the team, whether it is in the form of a season ticket, sponsorship, advertising or just walking up on the day of the game. WE NEED YOU AND YOUR SUPPORT!

Once again we will set out at the start of a new season full of hope and full of expectation. Why not join us on the adventure of 2003-04 that lies ahead.

Lawrie Sanchez

Manager

CHAIRMAN'S MESSAGE

"Apart from the management team and players needed to achieve success, the other vital ingredient is YOU!"

To use Lawrie's words after the excellent performance against Brentford - "hopefully that was a glimpse of next season"! Pace, creativity, awareness; we saw these attributes in abundance especially from our younger players performing almost instinctively beyond their years and experience. This is what we have been trying to promote since the formation of our Youth Development and Centre of Excellence. It also has much to do with the fine example set by Lawrie, his management team and by our senior squad members.

We have a number of excellent young players coming through the system and we have had a hard look at our Youth Policy with a view to increasing the number and quality during the next 12 months. Young players can now see there is a real chance of progressing into our first team and our Manager has been responsible for using the potential, together with the Youth set up, which now encompasses Michael Forsyth, Adrian Cole and Dave Evans, working very effectively as a team.

In my time as Chairman of the Club, the future in this area has been an objective, but like all good proposals it takes time to materialise. We are all going to be hungry for success in 2003/04 and I believe much of that success will be dependent on the way we mix home grown talent with the experience of our more seasoned professionals. We have a very talented manager in Lawrie Sanchez driving this forward and I am confident he will set up a good springboard from which to deliver results next season; which will see us knocking on the door of promotion; and also great entertainment.

Off the field the business of football has been going through a major change process and I have been privileged to be able to play a part in shaping the future through my role as a Director of the Football League. A number of initiatives now in sharp focus at this level have been embedded in our own philosophy at Wycombe Wanderers for some time. We have shared best practice with other clubs and I believe we have shown a real determination to ensure that our business as a business remains in good shape for the future and well able to support our aspirations on the field of play.

Apart from the management team and players needed to achieve success, the other vital ingredient is YOU! The whole proposition really comes together so well when the Club's performance right across the board meets the fans' expectations, there is a strong feel-good factor and when

the visible support from all our stakeholder groups is maintained at a high level. This is no better seen than through the take up of season tickets. We have decided to freeze most ticket prices, reduce many others and give you the opportunity of purchasing season tickets early but with a loyalty reward for doing so. We have come up with a range of ideas and initiatives, and I trust you will help us reach our goal of increased numbers for the coming season. The support you have provided over recent years has been inspirational. I hope we can all stick together, that the vast majority of you will renew your season tickets and that you will encourage many others to join up. The real cost of watching Football at Adams Park if you take advantage of the season ticket offer is now very reasonable, and if Lawrie is correct, as in my opening remarks, then we will be providing value for money.

This year has seen London Wasps Rugby Football Club sharing our stadium, a new experience for all of us at Adams Park. The venture has been a huge success; my post bag has certainly increased with the number of letters expressing their thanks for the huge effort that went into obtaining consent and agreeing a deal. You will see that we are now joining with London Wasps to offer a joint season ticket.

Concerns over the standard of the pitch have been put to bed, our surface has played exceptionally well and our opponents do not believe we play rugby as well as football here. How long is it since you have seen grass in the goal mouths in February and March? We also have the real bonus of undersoil heating. The foregoing has been helped by the local support of our sponsors and fan base and we are making every effort to increase both, and make sure we keep those we already have.

This year marks the 10th Anniversary of our joining the Football League. Many clubs in the League have not had the experiences we have had in the last ten years. We are certainly not complacent. I would not for one moment say we have not made mistakes over this period; there is no one alive who has not, but we are solvent, we do have excellent facilities, our staff do feel secure and we have enjoyed nine years in Division 2.

There is no substitute for success on the pitch, but it cannot be obtained instantly. Like any good business we need to mature and get progressively stronger. Together with our staff, I look forward to welcoming you to Adams Park next season; new sponsors, new ideas, pace in the team and fingers crossed, just imagine what can be achieved!

With best wishes,

Ivor L. Beeks

Chairman
